IP Opportunity & Evidence Brief

Generated: 2026-09-27T11:52:35.335044+00:00

Product	FE Test Product (id 70)
Version	v1 (id 126)
Content hash	cbf7136c47e8f06b636a6a6702862c039f79a855c3ba00515f3b422ec879553a

Preliminary classification

proprietary_ayurvedic (preliminary, status: UNRESOLVED)

IP routes

Patent	Potentially Relevant
Trademark	Potentially Relevant
Copyright	Potentially Relevant
Design	Insufficient Information
Geographical Indication (GI)	Insufficient Information
Trade Secret	Potentially Relevant
Plant Variety	Insufficient Information
Traditional Knowledge	Insufficient Information
Biodiversity / ABS	Insufficient Information

Claims on record (with provenance)

- #105 [wellness] Supports memory and cognition (provenance: USER_PROVIDED, evidence: EvidenceStatus.USER_PROVIDED)

Target markets

- India / South Asia - regulatory status: planned

Formulation

- Extraction method: cold-press
- Solvent: water
- Temperature: 40.00 C
- Process description: not provided
- Pressure: not provided
- Duration: not provided
- Concentration: not provided
- Other parameters: not provided

Evidence on record

- #40 [scientific_paper] Withania clinical review (verification: pending, provenance: USER_PROVIDED)

Claim standing & citation status

- Claim 105: Supports memory and cognition - provenance USER_PROVIDED, evidence USER_PROVIDED_ONLY, independent verification NOT_FOUND, review required: yes

4 citation(s) retrieved from 1 assessed claim(s); per-claim independent verification: claim 105: NOT_FOUND.

Patent screening corpus

- Corpus type: DEMO_CORPUS
- Live search performed: no
- Records verified: no
- DEMO CORPUS — SYNTHETIC RECORDS — NOT LIVE PATENT DATA - Spray-dried Withania somnifera root powder formulation (illustrative record) (similarity: medium, uncertainty: 2 feature(s) of this record could not be compared because the version does not record that information. The similarity indicator measures feature overlap only and is not an assessment of patent relevance, validity or infringement., status: SYNTHETIC_DEMO)
- DEMO CORPUS — SYNTHETIC RECORDS — NOT LIVE PATENT DATA - Cold-press extraction process for Withania somnifera root (illustrative record) (similarity: medium, uncertainty: 2 feature(s) of this record could not be compared because the version does not record that information. The similarity indicator measures feature overlap only and is not an assessment of patent relevance, validity or infringement., status: SYNTHETIC_DEMO)
- DEMO CORPUS — SYNTHETIC RECORDS — NOT LIVE PATENT DATA - Solvent extraction of Withania somnifera root withanolides (illustrative record) (similarity: low, uncertainty: 3 feature(s) of this record could not be compared because the version does not record that information. The similarity indicator measures feature overlap only and is not an assessment of patent relevance, validity or infringement., status: SYNTHETIC_DEMO)
- DEMO CORPUS — SYNTHETIC RECORDS — NOT LIVE PATENT DATA - Ocimum sanctum leaf aqueous extract for stress support (illustrative record) (similarity: low, uncertainty: 1 feature(s) of this record could not be compared because the version does not record that information. The similarity indicator measures feature overlap only and is not an assessment of patent relevance, validity or infringement., status: SYNTHETIC_DEMO)
- DEMO CORPUS — SYNTHETIC RECORDS — NOT LIVE PATENT DATA - Cold-press extraction of Curcuma longa rhizome (illustrative record) (similarity: low, uncertainty: 1 feature(s) of this record could not be compared because the version does not record that information. The similarity indicator measures feature overlap only and is not an assessment of patent relevance, validity or infringement., status: SYNTHETIC_DEMO)

Missing information

- Source/geographic origin is not recorded for one or more ingredients.

Expert-review questions

- Expert review recommended for high-risk claim 105: Supports memory and cognition

- Classification is UNRESOLVED: supply the missing information (intended use, dosage form, complete ingredient list, exact label claims) so a preliminary category can be indicated, then confirm it with a regulatory expert.
- Supply the missing product information listed in this analysis; each gap weakens the reliability of the screening.

Verification

Verification ID: a0abcfd0f68be596
